Re: Application Number 10/809,310

Dear Sir/Madam,

I am the President of Sunpark Electronics Corp., Torrance, California. Brent Marsh, CEO of Re-Energy presented above application number and copy to me for review. I found out this patent content is same as one of the Sunpark product that we have sold in USA since year of 2001.

Attached to this letter are copies of below items. It shows this patent application content was copied from our product.

1. Sunpark's 2002 ~ 2003 catalog, page 7 – Please see the photo of “CCFL in T5 Tube Assembly”.
2. Sunpark's 2003 ~ 2004 catalog, page 7 – Please see the photo of “New CCFL package – T5 lamp socket, 1 lamp or 2 lamps compatible”
3. Copy of Provisional Application # P-6477PROV, T5/T8 Cold Cathode Modular Assembly that was filed by Emanuel S. Reid, Chicago ILL. This provisional patent design is same as our T5 CCFL assembly that was rejected by patent office.

Patent applicant, BJI was Sunpark's customer back to year of 2001. The design idea on this patent came from us. Please review it based on the fact.

I am prepared to testify to these statements in a court of law.

Sincerely,

Jim C. F. Chao

President

Sunpark Electronics Corp.
